Trifles

Synopsis

Written by Susan Glaspell in 1916, *Trifles* is a one-act play about a woman accused of strangling her husband. Based on an actual murder case reported by Glaspell for the Des Moines News, the play represented an early exploration of gender relationships in a time when women often were considered to be mere trifles. A groundbreaking feminist play, *Trifles* is often included in anthologies of drama and literature. An L.A. Theatre Works full-cast performance featuring (in alphabetical order): Jeanie Hackett as Mrs. Peters; Amy Madigan as Mrs. Hale; Sam McMurray as the Sheriff; Steven Vinovich as Mr. Hale; and Steven Weber as the County Attorney. Directed by Rosalind Ayres. Recorded at The Invisible Studios, Los Angeles, in 2011.

Customer Reviews

The book is completely messed up on the Kindle. It is difficult to read. There are random symbols in the text and words are spelt completely wrong. I got this for a school research paper and threw my money down the drain. I could never write a paper using this copy. I can't even make sense of the text with all these misspelled words and symbols. This is terrible.

Had some typos.

Wonderful, timely little rural murder with overtones of abused wives, insightful women and men who think they know all and women are only interested in "trifles."

As advertised.

I have my sophomores read this every year.

A long time favorite, empowering for women.

Really enjoyed this one.

this was required for a class and ended up half the cost of the university bookstore and came quickly and in good shape
