Fantastic collection of Roman fonts..This is my third copy of the book. I enjoy it, then give it to someone else. The Michelangelo font is the most beautiful I've ever seen. Thank you, Dan X. Solo! God bless.

I am growing in my love for alphabets and typography. This book grows my lust for letters.

Roman capitals are, for me, the hardest letters to write. It's because you can immediately see where your proportions are off. Like the presentation and the ideas that will help me correct my lettering, especially spacing.

best product. I have bought several Bread products recently as I have started to make homemade

bread. This product was reasonably priced and does an excellent job slicing our bread thick or thin. A buyer should not be fearful that this product is below par - very good product at a good price! Don't be afraid, just order the product and enjoy your bread. send it to my grandson, Received as described. delivery so quickly.
