# General, Organic, & Biological Chemistry

## Synopsis

This text is different--by design. By relating fundamental concepts of general, organic, and biological chemistry to the everyday world, Jan Smith effectively engages students with bulleted lists, extensive illustrations, and step-by-step problem solving. Smith writes with an approach that delivers need-to-know information in a succinct style for today's students. Armed with an excellent illustration program full of macro-to-micro art, as well as many applications to biological, medical, consumer, and environmental topics, this book is a powerhouse of learning for students.

## Book Information

Hardcover: 944 pages

Publisher: McGraw-Hill Education; 2 edition (January 10, 2012)

Language: English

ISBN-10: 0073402788

ISBN-13: 978-0073402789

Product Dimensions: 9 x 1.5 x 11.5 inches

Shipping Weight: 4.9 pounds

Average Customer Review: 4.2 out of 5 stars 60 customer reviews

Best Sellers Rank: #39,076 in Books (See Top 100 in Books) #92 in Books > Science & Math > Chemistry > Organic #231 in Books > Science & Math > Chemistry > General & Reference #271 in Books > Textbooks > Science & Mathematics > Chemistry

## Customer Reviews

Book was in great quality and was not highlighted/damaged on the inside.

This book is very helpful and I can do more extra practice in this book.

I didn't realize this was the international edition. My professor okayed it, but not all classes will allow it.

great price and is the same as the 3rd edition.

This book goes into great detail, I rented it and wish I would have bought it. Was very helpful for my O-Chem class. I learned a lot from it. Very helpful if going into medical field.

This is a great chemistry book. It has a lot of good practice problems as you go through the chapter, and they show you how to do the problems and conversions in a easy to read way!

As described. General content that pertains to chem and healthcare.

While required reading, it's Bio-chem, enough said. Be the master of the Krebs cycle with this book. Happy with the purchase, sold the book when I was done. Book held its value as a trade in.
