National Geographic Guide To Scenic Highways And Byways, 4th Edition: The 300 Best Drives In The U.S.

Synopsis

Discover America's best scenic drives--plus 25 new drives--mile by mile, in this photo-filled, detail-packed National Geographic Guide to Scenic Highways and Byways, 4th Edition. There are famous drives here, including the Blue Ridge Parkway, the Natchez Trace, and some of the prettiest sections of the Great River Road; and lesser-known drives as well, including the back roads of Pennsylvania's Dutch Country; Maryland's quiet Eastern Shore; and Michigan's remote Whitefish Bay. Some drives are jaw-droppingly magnificent--Wyoming's Centennial Scenic Byway and Oregon's dramatic Columbia River Gorge--while others possess quiet beauty, such as the lovely Flint Hills byways of Kansas. Among the 25 new drives is the Harriett Tubman Underground Railroad Byway in Maryland; Scenic Byway 143--Utah's Patchwork Parkway; and Washington's White Pass Scenic Byway. Describing the scenery, history, and points of interest along each route, veteran National Geographic writers combine their regional knowledge and storytelling techniques to ensure that your next road trip is a success. Also included are 375 glorious photographs and four-color maps for every drive, along with information on road conditions, driving times, site addresses, visiting hours, admission fees, and more. It all adds up to a "must have" reference for every adventurous motorist.

Book Information

Series: National Geographic Guide to Scenic Highways and Byways

Paperback: 496 pages

Average Customer Review: 4.6 out of 5 stars 127 customer reviews

Best Sellers Rank: #88,813 in Books (See Top 100 in Books) #61 in Books > Travel > Food, Lodging & Transportation > Road Travel #90 in Books > Reference > Atlases & Maps > Atlases & Gazetteers #156 in Books > Reference > Atlases & Maps > United States

Customer Reviews

"In addition to the informative overviews of each of the routes, the book includes more than 350 color photos to help you decide where to go and 280 detailed maps to help get you there." --Trailer

Life

NATIONAL GEOGRAPHIC is one of the world's leading nonfiction publishers, proudly supporting the work of scientists, explorers, photographers, and authors, as well as publishing a diverse list of books that celebrate the world and all that is in it. National Geographic Books creates and distributes print and digital works that inspire, entertain, teach, and give readers access to a world of discovery and possibility on a wide range of nonfiction subjects from animals to travel, cartography to history, fun facts to moving stories. A portion of all National Geographic proceeds is used to fund exploration, conservation, and education through ongoing contributions to the work of the National Geographic Society.

Very helpful guide - used it extensively on a recent car trip across the SE. Note that the map by the same name is a lot less useful.

Awesome reference

Add this book to your Nat Geo guide to National Parks and also State Parks, and you are set to have an adventure!!! Really helps in planning a trip. I plan to give it to each of my adult children, too. When you go into new territory you don't know the best places to see, and this guide helps to give you ideas. Most recently we used it on a trip from Niagara Falls across New York and through the Adirondacks. It was great!!!!

Although in a lifetime I would never make it on most of these byways, I'll now make it a point to research whenever I take a road trip to incorporate these in.

Great info when planning a trip. Found parts of the USA we most likely would have not discovered if we had not studied the book.

Nice book that I bought as a gift for recently retired friends. They loved it

i hope to live long enough to explore some of the trips outlined in this fine guide. Glad I bought it. If your looking for adventure on the road less traveled, this just might be the ticket

Great guide to the more beautiful roads in the country, which are often the ones least travelled. I've travelled a few and they are truly special. Recommend to anyone who is a fan of road trips. My only critique is that the book is a little hard to keep open and the directions could be a little clearer. Great companion to the America's Byways website.
