## Customer Reviews

A rare and wonderful book on the Esoteric nature of Music. A must read for the true seeker.

Although the writing is of an older time in Metaphysical Literature, this volume is a treasure. The insight into the grand design of THE RING OF THE NIEBELUNG, with each opera in the Cycle analysed and explained in esoteric terms, becomes a gateway work of metaphysical art. Corrinne Helene clearly felt strongly drawn to the Ring Cycle, and the attempt by the composer to draw forth great and powerful dramatic catharsis through the telling of the mythology of the Ring. Richard Wagner was a man of contrasts and controversies who yet heard and translated to music some of the most awesome and emotionally stirring sounds ever composed or performed. Corrinne Helene writes as one who is an initiate into the Great Mysteries. She sees in Wagner's RING a grand story of human tragedy and destiny and she tells the analytical tale in fascinating and insightful completeness.
