Blue Guide New York: Fifth Edition (5th Edition) (Blue Guides)

Synopsis

Fully updated new edition of this essential Blue Guide, the guide of choice for experts and independent travelers. A guide to New York City that works for residents and visitors alike. This new edition of the essential Blue Guide takes you on a meticulous tour of the well-known, lesser-known and almost unknown sights of the city as well as being a discerning guide to where to stay and eat. Ideal for on-street use and at-home reference, the depth of coverage is second to none: this is a mini-encyclopedia of a multi-layered city. Blue Guide New York forms the basis for study for accredited NYC tour guides. With excellent detailed maps and plans. 10 color maps, 35 B&W Photographs and two-tone plans

Customer Reviews

Carol V. Wright is the author of Blue Guide New York and a contributor to the Encyclopedia of New York City. Born on Staten Island, she lives in Connecticut.

writing this in haste....I could not find this book in the Manhattan public library nor the queen's library nor could I find it at Strand.. its either sold out or there is a copy on holdthis is the go to book if you want to become a tour guide, I've read other books on new york city but this is the most comprehensive and will prepare you to give walking tours and bus toursThis book is nice and the paper quality is nice and it is very detailed and covers all of NYC in depth and gives an in-depth historical account of New York, it also focuses on architecture in New York city

As someone who walks 50 miles a week or so in New York City, I've collected a number of guide books over the years. I am hoping to be a big apple greeter in the City, and as part of the training, plan to take the official guide test given by the city, a 175 questionnaire. The city strongly recommends the use of this guide book for study purposes. I've been studying it intently and recommend it highly. Robert C Ross June 2017

The Blue Guide New York has a ton of information and is very useful to study for the licensing exam. Manhattan is covered extensively from north to south, east to west - and that's great! However, I am extremely disappointed to find that out of 600+ pages, this book only devotes 9 pages to the Bronx. Why do we get no love?? The sections mentioned for the Bronx, is nothing more than a fleeting acknowledgement that my borough exists somewhere north of Manhattan. The author misses the mark on so many levels. For example: The Bronx Zoo: There are only two paragraphs, none of which talks about the history of this amazing zoological park, which happens to be the largest metropolitan zoo in the US. The information provided in the book could have been found on the zoo's website - meh! The Botanical Garden: Again, the author dropped the ball. What about the background of the land, who owned the land before it became parkland? Oh and what about the old forest?? What about the mill?? Pelham Bay Park: While the author made an effort by talking at length about Bartow Pell Mansion, she failed to detail the history of this area, especially during the Revolutionary War. There was an important battle here. By the way, Arthur Avenue is not "sometimes" called The Real Little Italy of New York. It is ALWAYS called the Real Italy of New York. To the author: In the next edition, please add more for the Bronx. Come for a visit - perhaps hang out with Mr. Lloyd Ultan. The Bronx deserves more than the pittance you throw at us on these 9 pages. I know you can do better.

Perfect product

Book was perfect, very pleased!

Great book for learning about NYC

Literally everything you could want to know about NYC. Using it to study for my NYC Sightseeing Guide Exam.

Lovely book! Made a wonderful Christmas gift for my Dad. He's raving about it.
