## Customer Reviews

I have been recently diagnosed with vascular dementia an I have read everything I can find about this disease. Your book has been most helpful. I understand some the things that I am experiencing.Pleas write more,

This material was very well written by a person who KNOWS what she is talking about. There are a few things I would like to see included for coping with the disease. But overall the simplicity of this complicated topic was really good. Brava!

This disease is a mystery to me, or was before I read this book. Everything I learn about dementia

helps me to accept it a bit more. Many thanks .

Well written thorough account centering on living with Vascular Dementia. This wonderful author whom lives with Vascular Dementia provides essential insights and hope.

I Love that this is written by a person with dementia. It give me insight into what my Momma is experiencing.
