## Customer Reviews

THANKS FOR A GREAT PRODUCT AND THE SERVICE WAS EXCELLENT QUICK AND ACCURATE DESCRIPTION HELPED ME GET WHAT I WANTED AND BACK TO WORK.

Wife finished Vol 1 and had to have 2 and 3.

I appreciate the fact that all puzzles can be solved without being a genius.

Got for my mom for xmas she loves them along with xword puzzles.

As described, great assortment.

Sudoku is a favorite past time of mine. I've loved playing since I was a kid and first learned. That said, if you haven't ever played before, this book comes with instructions, both visual and in text form. This book also contains four hundred puzzles of varying difficulties. Everything from easy to very hard. Each page has six puzzles with each puzzle listed and categorized for their difficulty, making it very easy to keep up with and also check against the answer key. Over all an excellent book with a wide variety for your use. I highly suggest it for anyone looking for a distraction during long trips, to reduce anxiety, or simply to exercise your brain a bit!

I heard someone that I work with talking about how much her and her husband loved doing Sudoku puzzles. I had never done one and thought I might enjoy it so I got a PDF version of this book so that I could print more than one copy if needed for my kiddos. It has over 400 puzzles and ranges in difficulty from easy, medium, hard, and very hard. I am still at the easy/medium level right now but I love it! I am very pleased with this assortment of puzzles and would recommend to anyone looking to learn something new, or for seasoned Sudoku-ers:)

This book is great. It has plenty of puzzles to last me a long time. It also has a variety of puzzles. This means that if I want to kill a few minutes waiting at the store but don't have a lot of time to give to the puzzle I can work on the easy one. However the Very Hard level is also difficult enough that I do not get bored when on a long car ride. Also the fact that this book has so many puzzles makes it worth the \$7 because I know it will be a while before I need to purchase another one.
