## Customer Reviews

Roger D. Smalligan, MD, MPH is Regional Chair of the Department of General Internal Medicine at Texas Tech University School of Medicine at Amarillo. Steven Urban, MD is an associate professor in the Department of Internal Medicine at Texas Tech University School of Medicine at Amarillo.

This was by far the best pretest that I have seen all year. The explanations are practically on a level with UWORLD and were very helpful for review during the last couple of weeks in the clerkship. The questions are relevant to the topics you will see covered on the shelf and fill in the small gaps left behind by UWORLD. I would highly suggest buying this book. For the shelf I used First Aid Step 2

CK (all of the sections except pediatrics, ob/gyn, psych, ambulatory, and emergency), UWORLD (all IM questions), and this book and I scored a 98 on the shelf.

good size for studying anywhere you go

Nice book
