# Children's Illustrated Dictionary

## Synopsis

With new photography and added words, DK's well-loved Children's Illustrated Dictionary is now revised and updated! Featuring thousands of entries and definitions, including core vocabulary and relevant words for young people in the modern world, this comprehensive guide includes a unique mix of colorful photography and eye-catching illustrations to break up the entries, put the words in context, and add an element of fun. Sections on grammar, spelling, and punctuation, as well as games and example sentences ensure that kids will find the correct definitions they are looking for, while indications at the top of each page and letter ladders along the sides make the book easy to navigate. Developed with the help of educational experts, the Children's Illustrated Dictionary is the perfect addition to home, classroom, and public libraries. Supports the Common Core State Standards.

## Book Information

ISBN-13: 978-1465420206

Product Dimensions: 8.8 x 0.9 x 11.2 inches

Shipping Weight: 2.8 pounds (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars 100 customer reviews

Best Sellers Rank: #65,530 in Books (See Top 100 in Books) #19 in [Books > Children's Books > Education & Reference > Reference > Dictionaries](#) #764 in [Books > Reference > Dictionaries & Thesauruses](#)

Age Range: 5 - 9 years

Grade Level: Kindergarten - 4

## Customer Reviews

"Any budding wordsmith needs a dictionary to call his own, and DK scores big (literally) with this updated tome featuring thousands of entries and definitions. Vibrant photos and carefully arranged sections make this both fun and easy to use." —[WorkingMother.com](#)

I GOT THIS FOR MY NIECE TO HELP HER LEARN NEW WORDS AND SHE DID LEARN. THE WORD COOKIE ISNT IN THERE BUT A LOT OF OTHER WORDS ARE. THE KID CAN SEE THE

PICTURE AND SEE THE WORD IT SEEMS TO WORK. I ALSO GAVE HER A HELLO KITTY BOOK BAG THAT STOLE THE SHOW. THIS DICTIONARY IS WORTH THE MONEY. YOUR KID WILL BE A GENUS FAST TOO.

shipment was quick and the dictionary cover and pages are of good quality. Definitely attracts children's attention with pictures and colors. I bought it as a first hand experience for my 5 year old daughter as she can read short stories and is interested in learning more about words. But I definitely think that this dictionary will not work after two years. there r two reasons: 1. limited words in the dictionary 2. The word description is just for the very beginners. there r no synonyms so vocabulary is also limited. My daughter will start kindergarten this year but because I was teaching her at home, she is capable of reading short stories herself, and I think until she reaches first grade she will be ahead of this dictionary. As a child I remember I got frustrated when a dictionary helps me 50%. So when I tried to look up a few words in this dictionary from my daughter's story book, I found only a few and the rest were not there. words like fancy struck maid lane were not there. 3. my third problem might not seem reasonable to many people but I feel it. why these common words are not there but 'bikini' was there with picture? also when you describe the word "kiss" it does not seem appropriate to show a 14 year old girl kissing 14 year old boy. it could be a mother kissing her child or father or grand parents or in any other form. If this dictionary is specially meant for kids between 5-8 years old which I think is the exact appropriate age for this level. I think such things look ridiculous and also look quite intimidating. A 14 year old is sure not to have this dictionary. Why give such thoughts to a 5 or 6 year old child? It does not look nice. Even if it was mother and father kissing, it would have been some thing practical and natural. Choosing an inappropriate age level gives wrong vision to kids. thats just my opinion.

I bought this for my 2nd grader. I am very disappointed. It is a very basic and beginning dictionary. Some of the common words a 2nd frader encounters are not even listed in the dictionary. It's very frustrating when you are trying to teach your kid how to use a dictionary and the very word you the searching for is not there.

My 7 year old son wanted a dictionary. I looked through several before choosing this one. We've had it for almost a month now and my son loves it so much that he reads it. Yep, my son is reading the dictionary. No complaints here.

Perfect for the child who is just starting to learn how to spell. Many, many pictures too. Wish I would have had one of these 45+ years ago!

I am a registered dog therapist along with my dog, Pepper. We are also registered in the READ program (Reading Education Assisted Dogs) This is a fairly new concept of Elementary Schools bringing Dogs in to assist the slow learners in the Kindergarten thru Fourth Grade. The teacher chooses the books for the students on a level with their reading. They read to the dog for about 15-20 minutes with the dog asking questions. Re: what does the word mean. We then pull your book and the dog and youth find the word and explain it to the dog. There is no threat to the child when reading to the dog, No laughing, giggling, etc. With time (six weeks) is the length of the program, most of the children are reading on several levels higher then when they started. The book is excellent with pictures in color and a easy guide for the child. It is not about the adult, it is about the child and relating to the dog . Awesome.

This brand new 2014 addition appears to be a wonderful dictionary. I just wish that the publishers proof read it first. My 6 year old son spent 5 minutes looking at it and realized that the pages in the book are out of order and missing ( which is important when putting together a dictionary or any book for that matter). The book goes from the beginning of the alphabet starting from A then continuing to the M words. It then skips to the Q words (skipping over N,O,P). It continues through the alphabet to the letter S and then adds the P words. If you are looking up any N or O words, you are out of luck. Don't buy this book. It is going back.

My nieces and sister-in-law love this book! During my last visit my niece brought the book to me to show me different words she's learn by showing me the picture and saying the word by sounding it out. I love it! An excellent buy for any child!
