# SNIPER!

## Synopsis

Shocked by the murder of a friend, FBI Special Agent Kit McGovern vows to bring the killer to justice. Then the shooter kills again, and again and again. Saddled with an unpredictable partner, forced to put her personal life on hold, Kit doggedly pursues the sniper. Quantico sends a geographic profiler to help identify him, but the killing of a young woman outside the probability zone casts doubt on that technique. As panic grips the Hampton Roads area, pressure mounts, and Kit soon finds herself in the crosshairs of failure and death.

## Customer Reviews

Fantastic read! Keeps your attention it's one of those books you can't put down. Linda J White is a super author can't wait until the next book.

"No weapon that is fashioned against you shall succeed, and you shall refute every tongue that

risers against you in judgement."Citizens living in cities and towns through-out coastal Virginia find themselves at the mercy of a high powered rifle; seemingly random murders have being sprinkled from town to town with no recognizable connection, even under the intense investigative scrutiny of the F. B. I. Special Agent, Kit McGovern has a vested interested in solving this string of shootings, for she was standing beside the first victim when a sniper's bullet callously stole the life of her friend Gail Massey, an assistant U. S. attorney, merely standing on the steps of a courthouse. Former homicide detective David O'Connor is training young recruits in the Norfolk Police Academy when his superiors ask him to join Kit's team. His personal relationship with Kit has been steady enough to warrant plans for the future, but the stress of this case has triggered a breach that David fervently prays they can heal. However, neither of them could have predicted the awful events that would unfold when a violent offender begins to unravel. Follow this swift moving thriller as a cold, blooded killer seems to remain just one shot ahead of the authorities. The author has written a satisfying sequel to a previous novel, "Seeds of Evidence".

Sniper! had me glued from beginning to end! It started out with a shocking death by a sniper and from then on it got more and more intriguing with trying to stop the terrorizing by the sniper. As well as a mystery, there is clean romance here and there. I enjoyed the conversations between the FBI agents, sometimes even funny! I felt that I got to know the main characters pretty well and I actually missed them the day after I finished the book!! highly recommend this fast-paced book. It is written as well as some very popular authors I have read.

Sniper is one of the best books I have read recently. It grabbed my attention from the first page and never let go. The characters were very well portrayed and following them along their adventures was a journey I'm glad I took. If you like a story full of action besides having likeable characters this is the book for you. I will definitely be checking out other books by Linda White. She has definitely made me a fan!!

The most dangerous part about reading Sniper! By Linda J. White at the beach is that you forget you are at the beach. The actions draws you in at the onset, the characters themselves draw you into the story so that you don't want to put it down, and so I had to set an alarm for sunblock reminders. LOL. The breeze was amazing and I was in a my mind in the Tidewater area alongside Kit, David, Lincoln, and Piper the wonderful characters in the book. Thanks for a great read, thanks for characters that are so real I felt I knew them, and for twists in the story that kept me surprised

and turning pages. Most of all thanks for showing us faith in our Savior in action throughout the story. Hope you are typing away.... I am ready for the next one.

Sniper is an awesome suspense/romance. Ms. White's books always pull me right into the plot immediately and Sniper was no exception. I was on the edge of my seat and glued to this book right up to the last page. I highly recommend this book.

What a great novel! I couldn't put it down! Linda White mixed accurate real life details with the fictional characters of this novel and it was fantastic. I don't have very much extra time to read. But I couldn't put this novel down until it was completely read! Which meant that other things were not done because I was reading "Sniper". I highly recommend this novel to anyone! Thank you Linda White for using and sharing the gifts that the Lord has given you to!

Linda White will not disappoint you. I luv Kit and David their relationship was beautifully written. You will like Piper and her spunk.
