Scales For Young Violinists

Synopsis

The ""prequel"" to Barbara Barber's widely-used Scales for Advanced Violinists is here! Scales for Young Violinists is a user-friendly scale system which presents two-octave major, melodic minor, and harmonic minor scales with arpeggios. The first five Foundation Keys (C, D, E, F, G) introduce beginning double-stops in octaves, 3rds, and 6ths, remaining in first position. One-octave scales in double-stop octaves, 3rds, 6ths, and harmonics are presented in all twelve keys. Preparatory shifting exercises, bowing and rhythmic variants, a helpful circle of 5ths, and progress chart make this the perfect beginning scale book for every violin student.

Thank you- great book!

I love it this is a good book that it helps my son better at violin this great!

Yes, for the young violinist, with ten years of solid practice. Ok why?~ Keys of F#, Eb for the violin. I think not.~ Third Position Scales, I think not.~ Third Position Double Stops, I think not. Too much of the book is for the Young Violinist who is years over their heads. For what is essential to the young violinist are the Major Scales in one or two octaves, which can be down-loaded from several web-sites. Save your money until you or yours have at least 5 years of solid practice.
