The Rough Guide To Buenos Aires

Synopsis

"The Rough Guide to Buenos Aires" is the ultimate travel guide to the sophisticated and enchanting capital of Argentina, with clear maps and detailed coverage of all the city's best attractions. It helps discover Buenos Aires' highlights with stunning photography and information on everything from the city's magnificent palaces, modern art museums and trendy nightclubs, to the old, cobbled quarter of San Telmo with its antique stores and tango haunts. It also helps you find detailed practical advice on what to see and do in Buenos Aires, relying on up-to-date descriptions of the best hotels, bars, clubs, shops and restaurants for all budgets. "The Rough Guide to Buenos Aires" also includes full-colour sections on two of Buenos Aires' greatest attractions - tango and architecture. It helps explore every corner of this charming city with easy-to-use maps that help make sure you don't miss the unmissable. Make the most of your holiday with "The Rough Guide to Buenos Aires".

The holiday-makers' favourite guidebook series. The Sunday Times Travel Magazine

Good guide. Just got back from a trip to BA, and this guidebook was up-to-date, helpful, and correct. Good history for side trips (Colonia de Sacramento, Uruguay) when the other book I used had no history.

Very informative and easy to use and understand. Haven't left for trip yet, so may have to leave

more feedback after trip.

I used it on my August 2011 trip to BA. This book was very helpful. Accurate information and good maps. It shipped quickly, giving me extra time to prepare for the trip. A +++ sales experience.

So I am living in Buenos Aires for five months and brought four guidebooks with me and have been able to "test drive" each one thoroughly while down here ... the Rough Guide is the easy winner - it simply has been spot-on in recommending the places to see, how to see them, and the best way to get there ... even its restaurant choices are astonishingly good, as the book identifies the best places to eat instead of the places that the tourists eat (often a huge difference!) ... I travel a lot and rarely give myself completely over to a guide book, but this one has me tempted to simply let it take me through the rest of my time here ... the only reason you may need an additional book if you're coming to Argentina is that this book does not cover areas more than a day trip away (it does cover Colonia/Uruguay, which is an easy ferry ride from BA, and does it splendidly) - so if you're going to do the Falls or the glaciers, you may want another book as well or do it online ... but I truly have been blown away by how good the Rough Guide is for my time down here ...

Buenos aires doesn't have much going for it, and this guide doesn't have much to talk about.
Buenos Aires is a gigantic city with a building code that restricts them to about 6 stories.
