Customer Reviews

This study guide assists you in more of your test taking ability. It shows you the tips and tricks on how each section of the test is conducted and where you need to be focusing. This guide really helped me in knowing how I should spend my time studying and I recommend you do your own personal study on sections you find yourself to lack knowledge of.

Great study book with some pretty good study sections and two solid practice tests. The AFOQT is no easy feat and this study guide helped more than I even knew that I needed it. The DVD offer was a nice bonus as well.

This was a great product. Very detailed and thorough. Wonderful resource. Great job to the design team.

Fast delivery. I was looking for help to prep the test and I found it. The material is easy to understand and complete for my preparation. I use it in combination with the practice test book from TRIVIUM. THANK YOU,

I just received the book a little over a week ago, but so far I've really enjoyed it. I love the examples in each section, and the practice tests with the detailed answer key. I don't have anything negative to say as of right now!

The content is good, but there are some spelling errors...

I received the book a little over two weeks ago, but so far I've really enjoyed it. I love the examples in each section, and the practice tests with the detailed answer key.

Awesome book and very helpful. There are a few minor mistakes in the book but nothing huge, which is the only reason I rated 4 instead of 5.
