Tim Federle is the author of *Hickory Daiquiri Dock: Cocktails with a Nursery Rhyme Twist* and *Tequila Mockingbird: Cocktails with a Literary Twist*, which was named the 2013 Goodreads Cookbook of the Year. Tim lives and drinks in New York City.

Here's a humorous recipe book for cocktails with a movie theme. I enjoyed how the author tried to match the ingredients of each drink to the movie's storyline. A great gift for drinking & movie

watching buddies.

This was a gift for my grown daughter. She wanted it and was so happy that I got it for her, It's really cute and I can see why she wanted it. The Cocktails are named after old movies or parts of old movies, and it's done in very good taste. I would recommed this to anyone. Really makes a great gift.

This is such a unique little book! I'm so excited I found it. I bought it as a gift for my parents, who aren't necessarily huge drinkers but they do love their entertainment trivia. The book includes movies separated by genre plus musicals. Just flipping through it, I started laughing at all the clever drink titles. I also like how the actual name of the movie is listed under each drink for reference. It's all in the details! The book is hard cover and small, about the size of your average novel. Perfect coffee table book and can easily fit in any kitchen storage space.

This book was a hit! Gave it as a Christmas gift with a handmade martini glass and we spent all evening reading and laughing at the drink titles. We decided we're going to have a Hollywood party and make some of these drinks!

I bought Tim Federle's first book, Tequila Mockingbird, and I was thrilled to know there was another! I love books, music, and movies, so this book was right up my alley. I loved the comparisons to the movies and the nice little summaries how each cocktail relates to the film. This is a must have for a movie night with friends. I cannot wait to use this for the next party. Some of my favorites are Sloppy in Seattle, since Sleepless in Seattle on of my favorite movies. This is neat since it is divided into film genres and even food recipes. This book is simply fun to read and amazing to have for your collection!

Perfect gift for the movie lover in your life, or as a browse-book to put on your bar.

It's just recipes with cutesy names. I gave it away.

So So Nothing special
