Customer Reviews

This book is absolutely perfect. The main character shows perseverance and ingenuity which are very desirable traits when it comes to solving problems. He is not the strongest physically so he aims to make up for it mentally. The classic brains over brawn situation. A true classic that belongs on bookshelves everywhere. BK is known for quality and did an exceptional job with this book.

Not exactly scholarly writing, but the books are cute, and my son loves them.

Kids loved this book!

Nice book Books Kid! They fimmaly let me get one of your books. Past, I couldn't search up your books without Steve the Noob! Though Steve the Noob is really good. I suggest reading it as much Books Kid, Cube Kid, Mark Cheverton, Winter Morgan, and others.To Haters: I will never understand why you hate Books Kid so much.-MobMaster937, keep writing those books!!
