Blinded By The Shining Path (Trailblazer Books Book 38)

Synopsis

Bandits are a regular threat to the small Peruvian village Alfredo Garcia lives in. Government protection is scarce and the police never enforce the law. So the village men take it upon themselves to defend their village, but return unsuccessful when Alfredo's father is killed. Rico, Alfredo's brother, joins the Communist Shining Path guerrillas hoping to avenge their father's death. But the terrorists prove to be more dangerous than the bandits they promised to protect the villagers from, and it's not long before they begin killing followers of Jesus Christ, too. When Alfredo also becomes involved with the guerrillas, he is forced to prove his loyalty or be considered a deserter and risk death. His orders are to kill the evangelist, Pastor Raulo Saucedo, but when his mission fails, Alfredo begins asking harder questions. CAN SOMETHING GOOD COME FROM SOMETHING SO BAD? An adventure story, ideal for readers 8-12 years of age.

Customer Reviews

The customer we ordered the book for was very happy with the purchase. Thank you.

good read for children and adults

Like new and was a good read

We have a fondness for South America, especially Peru and Bolivia so I was excited to read this book aloud with my 10 year old. While I have been to Lima and Ayacucho (mentioned in the book), I am not well educated on the Shining Path so cannot speak to the accuracy of the story. I had read the description but missed a subtitle area on the back stating that this book introduces readers to Christian heroes. So if you do not want a book that mentions religion, then perhaps this book is not for you. That being said, we thoroughly enjoyed this book (from the library) and I was disappointed to see you can only purchase it used on . The story touches on many things from geography to family ties to the simple life of Peruvian Indians. The issue carried throughout the book is the boy's struggle of who to believe: the Christians, the government, or the shining path. Who is right? Which cause should he join? Are the groups really any different from one another? I see this as an excellent book introducing a discussion on values and politics and how one decides which side they will be associated with. It really should be back in print.
