Life Visioning: A Four-Stage Evolutionary Journey To Live As Divine Love

Synopsis

The way we move through life is always a choice. Where do you want to go? With Michael Bernard Beckwith's Life Visioning Process, it is possible to follow a specific series of spiritual practices that allows our unique gifts and talents to find expression. On The Life Visioning Process, this charismatic voice and founder and spiritual director of Agape International Spiritual Center presents his first audio course on this powerful process of self-evolution. Expanding on the breakthrough ideas he shared in the hit film *The Secret*, Beckwith now invites us on a journey through the central practices of the Life Visioning Process, exploring: the stages of spiritual evolution, and the Inner technologies that serve our progress: how to activate the courage to "break your agreement with mediocrity" by catching the higher vision for your life; Life Structures - the fundamental arenas of life - and how to enhance with them meditation, affirmative prayer, alignment with the governing principles of the universe; and more.

Michael Bernard Beckwith is the founder and spiritual director of Agape International Spiritual Center, a trans-denominational community in Los Angeles. He is the founder of the University of Transformational Studies and Leadership, and an international speaker and meditation teacher. Beckwith is a featured teacher in the film *The Secret*, and has also appeared on *The Oprah Winfrey Show* and *Larry King Live*. His books include *Inspirations of the Heart* (Agape, 2004) and *A Manifesto of Peace* (Agape, 2002).

For all of you who have read *The Secret*, or have some knowledge of the Law of Attraction, this wonderful work by Michael Beckwith is a gem! If you feel that you are too absorbed in manifesting "things" into your lives, constantly thinking and desiring the same desire repeatedly, and still not achieving what you want, this work will help because it guides through different stages of spiritual development. Congrats, through the Law of Attraction, you know that YOU are in control of your own life experience and stepped out of victimhood. Now, as Michael exclaims, LET GO (of that control) and LET GOD (take over). When you ask and desire, the universe will respond to it indefinitely. Michael brings you to the next level in aligning your energy with universal energy, thereby allowing the universe to manifest your desire in the physical realm. He mentions this stage as letting the universe flow THROUGH us, where we offer no resistance to life and just enjoy the flow of life, knowing all is well since there is divine order operating here. When there is no resistance, the good the universe intended for you can arrive at your door with ease! The last stage . . . ONENESS and that is all there is.

The Life Visioning process is very powerful. Michael Beckwith breaks down the 4 stages that an individual goes through at any point in time to experience a higher purpose. At the end Michael will take you through what he calls "The Life Visioning Process" which is a sort of guided meditation journey that will take you beyond anything you can imagine if you let it. The great thing about this is you can use this process over and over again, on anything you are wanting to create, your business, a relationship, etc... I highly recommend this product. Thank you Michael. I hope he puts out more CD's like this.

This was a gift for a friend, and she loved it.

Adding my voice to the numbers out there, I'd say this is really worth it. The final CD which takes you through the life visioning process is worth repeating several times to see what keeps coming up. Keep a journal handy to record your discoveries. It has a way of leading you to surprising ideas, images, and a deeper sense of joy and self-worth.

While I think the audio is awesome and has a wonderful flow of concepts and meditations, I think it would be much more valuable with an accompanying workbook. That's the only reason I gave it 4 stars rather than 5. There is a LOT of great material in the audiobook that really needs some practical handling in a written format, just to help the listener/reader really integrate it into their

lives. But don't be scared off by this! You CAN listen to the audio CD and get a lot out of it. Michael's energy will get you fired up to really integrate these concepts into your life. The thing that I really enjoyed hearing was to avoid the trap of manifesting for the sake of manifesting or acquiring "stuff." That's where I think movies like "The Secret" failed - they really pushed the concept of using spiritual concepts to acquire "stuff." Michael really helps you understand why, in the long run, focusing on acquiring "stuff" is not a really great idea - better to focus instead on your own growth and peace.

I've been studying & listening to many personal growth & spiritual programs for years, and this is truly one of the best, most insightful ones. It's clear & concise, and laid out in a progressive way, to bring the listener to a higher & more powerful way of thinking. Michael speaks very clearly, with power & emotion, and deeply understands the Universal principals that life is governed by. I sense his sincerity, and most of the time he is literally speaking these truths from his heart & not a script. I have listened to over 2/3's of the program, (the 1st 4 cd's) and look forward with much anticipation to the remaining material & knowledge. If you've watched The Secret, are familiar with the teaching of Abraham, (Ester & Jerry Hicks), Wayne Dyer or many others, I feel you'll find this very enlightening as well. Thank you Michael, peace. scott

Michael Beckwith is not afraid to go beyond the mind to the Spirit. It is not a taboo subject for him. These CD's of Life Visioning can be life changing, bringing a dimension of knowing that equates to inner peace. The key is if the student is ready to learn.

I have been a student for sometime and I must stat that Mr. Beckqith is one of the best teachers. Dottie
