# The Undercover Rock Star: Bulletproof, Book 1

## Synopsis

A spur-of-the-moment vacation was supposed to jolt Cameron Douglas out of his funk, but it appears he only traded locations. It was a chance meeting with a handsome stranger that changed everything. Brandon stirs Cameron's interest and his heart, but will the mysterious man reveal his true identity before their vacation in paradise is over? Sometimes life in the spotlight was a heavy weight to bear for Brandon Bullet. He never knew if men were interested in him as a person or just enamored with his rock star status - until he meets Cameron Douglas. It wasn't often that Brandon shared a connection with someone who wasn't aware of his notoriety. He's determined to keep his identity a secret while the two of them get to know each other and before someone blows his cover.

Best Sellers Rank: #10 in Books > Audible Audiobooks > Arts & Entertainment > Music #363 in Books > Gay & Lesbian > Literature & Fiction > Fiction > Romance > Gay #509 in Books > Audible Audiobooks > Romance

## Customer Reviews

The Undercover Rock Star is a well written prequel showing us how Cameron and Brandon met and started their relationship. Both men are likable and as I said the story is well written, it just didn't do it for me for some reason and so it was just okay. I think it was perhaps because of the sexy times. I've read a gamut of different heat levels and "bedroom" activity styles and enjoy them all to varying degrees. Brandon and Cameron are both very Alpha male in the bedroom and they were constantly vying for control and the sex was rather aggressive because of that. Now it totally worked for them. It wasn't violent or anything like that by any means. It was consensual. They both enjoyed the tousele as it built up their arousal, it just simply didn't do anything for me. Maybe if there was a variety of sexual encounters this wouldn't have fallen flat for me, but it was a short story, and short stories

only have so much time to get the basics covered. Now, I do have the second book Branded, which picks up where The Undercover Rock Star leaves off and I'm looking forward to reading it and hoping that because it's longer and more fleshed out that it will speak to me a lot more. Just because this particular installment didn't work for me doesn't mean it was bad, or at all unenjoyable, or that it won't work for others, it simply just didn't do it for me. I recommend you give it a shot and see for yourself.

I loved this book! I love her style of writing! I read some of her books from another series Radical Rock Stars & I have all the books & only have half of the 4th book & book 5 to read! I loved how Cameron Douglas & Brandon Bullet are together! I like how they are instantly attracted to each other & do not mind that the other knows it. I like how Jenna set up this book! She did it again larger than life characters & a world I get lost in while reading! I have loved all of her books so far & will definitely read more & will finish up the other series I am almost finished reading! I would recommend this book even if you do not like books with the rock star theme because most of the book is just Cam & Brandon together.

Quick, steamy unexpected love story. Cameron came to an island resort for a get your head together weekend. He never expected to meet a mysterious man and have such a connection to him. Brandon is tired of groupies falling all over themselves just to be with the rockstar him. When he meets Cam and realizes he doesn't know who he is, he jumps at the chance for something normal even if it is temporary.

This was a sweet fast read. Brandon is trying to relax incognito with his band mates. Cameron is trying to get over an ex, who knew one day, one chance encounter could change everything. They have an insta-attraction that doesn't fade the longer they are together. Cam has no idea who Brandon really is but is cool once he meets Brandon's other persona. Can they stand the test of time and distance, you will have to read to find out?

Spoiler Ahead This was a good book that I didn't want to end. Cameron Douglas took a short vacation to get him out of his funk after a break up but it appears he only traded locations. While sitting in the bar he meets Brandon Bullet the hot and sexy lead singer of Bulletproof only he doesn't know who he is and Brandon likes it that Cam doesn't know who he is. Cam and Brandon have instant attraction to each other and although Brandon is being vague about his last name and what

he does for a living Cam is not giving up. This was a short quick read I have read this author before and I love her writing. This book was well written with no errors in grammar or spelling. I am looking forward to reading the next book in this series.

Jenna's flawless writing style can be found in this M/M Romance. Usually when characters meet and get together right away it's usually a little far fetched but not with Cam and Brandon. Their lust for each other morphs into the relationship both needed. Only complaint I have is having to wait for more.

This is the first book I have read by Jenna Galicki and it was a quick, hot read. Cameron goes on vacation to get out of his funk. When he meets Brandon he stirs his interest and wants to get to know him. Brandon can't believe his luck that he does not recognise him. He wants someone to care for him not his rockstar image. I enjoyed this story. I loved the chemistry between Cameron and Brandon. They compliment each other well. My only complaint was that it was a fast read and I wanted more. I look forward to the next book in this series.

I was given this novella in exchange for a honest review so here it is.... WOW! I love Jenna's writing style. This novella and first of the series was explosive. Brandon Bullet is a famous rockstar. While in Rio with his band he meets Cameron Douglas who is an accountant that has gone to Rio for the weekend to hopefully get out of the funk he has been in for months. The two are drawn together in an amazing attraction. The sex is Hot, and the two men who are both aggressive in their love making appearing perfect for each other. But the weekend is not enough and Brandon invites Cam to their concert. Hoping to see each other again doubt creeps into Brandon's mind when Cam's phone has been disconnected. Will they find each other again? Is there a future waiting? Excited about the next sequel in this series. Loved it
