A clear summary that details the key elements of this excellent instrument and how to use it effectively. A valuable resource for every psychologist that uses the WJ-IV, and associated staff who use the results. Provides additional insight into cross battery assessment and patterns of strengths and weaknesses.

Great book. Can't wait to start utilizing it.

This book makes the material a lot more digestible compared to the technical manual for the battery. Highly recommend it to read alongside the manual.

High quality and excellent condition.
