Customer Reviews

I have really enjoyed this series, a remarkable tale featuring a flawed but indomitable hero, a heroine of great heart and a wonderful band of warriors surrounding them. The story is vast and involving, the battle scenes are really well written,(and battle come frequently in this world) and the characters are well developed and relatable. Add to that, the author has planned and plotted this epic to the end,(unlike another author I could mention who leaves his readers hanging for years and let's TV writers take over his story.) What more could you want?

Excellent series. Great flow, characters and storyline. I am ready for the next book already. I was a big King Arthur fan growing up so just the title "Excalibur" has me chomping at the bit.

Jonathan Moeller has reached out and grasped the reins in controlling a story which is extremely easy to get lost in. Well written, and very hard to put down as you feel yourself sinking into story. Well Done, and Thank you

I love Jonathan Moeller!! He tells a great story with amazing characters. This is a true page turner!! The longer he writes, the better he gets.

Outstanding well written, a intricate tale ,filled with action and creatures,, laced with varying powers of magic,Absolutely enjoyed it , cannot wait to read the next bookHave purchased and read all twelve (12) of Moellar's books in this series ! Upon reading the first I was hooked! Great reads !

Few can write massive multivolume epics without losing the plot, but Moeller more than manages. The series started strong and never bogged down, and this one is no exception.

I liked all 14 books in the series and can't wait for the next one. I wish would let you know more clearly that it isn't the whole series. Now I got to wait for the next book. Bummer

The series does get better as it draws to the end.
