Customer Reviews

Cool books but this one, as well as another discovery kids book I purchased, came out of its binding it two days :(

The front and back cover came off the moment I picked it up. This sucks because I was really looking forward to giving it to my daughter for Christmas. I'd like a new one!

My son is not a reader and he loves to sit down with these books and read them and then tell me all about what he has read. I love that he is reading, he loves that he is not reading a chapter book!

Grandson loved it

My 8 year old nephew loves it.

My 10 year old niece loved it!
