until now for musicians and vocalists everywhere. Yes, we offer opera repertoire as well as the most famous chamber music pieces in this unique and extraordinary catalog we call Music Minus One. Established 1950 and still going strong! Almost one thousand albums!!

I love that they included a slower version of the play-along, so you can enjoy playing along before you are up to full speed.

Way too expensive for the content. I must say the music is made of high quality music paper though (the kind that's kind of pale that don't reflect light on the musician). Also, I am not very sure how to use it because there is no detail instruction on the package I received. I won't buy it again unless I have to.

Well thought out, good tempo, but the recording seems old and is lacking dynamic crispness and detail.

Great!

The study prestos are a bit too fast.
