Mandolin Chord Encyclopedia: Includes Over 2,660 Chords, 37 Chords In Each Key

Synopsis

Mandolin Chord Encyclopedia is a practical, easy-to-use chord dictionary. Chords are listed alphabetically and chromatically for quick reference. On each page, chord variations (different fingerings and positions of each chord) are arranged in a logical order---beginning at the bottom of the mandolin neck and progressing to the top of the neck. This helps facilitate locating the chords in different positions over the entire fretboard. The Chord Theory chapter makes it easy to understand intervals and how chords are constructed. A complete fingerboard chart is included, along with a listing of major and minor scales in every key. This book gives you everything you need to expand your ever-growing chord vocabulary and also helps you understand chord theory and construction.

Book Information

Paperback: 136 pages

Customer Reviews

i was initially reluctant to purchase this ebook because it was a print copy. However the navigation is excellent and ease of use awesome.
