## Customer Reviews

Love this series! fast shipping!

With the movie coming out on February 7th, I have restricted myself from burying too deep into this book, but from the third of it that I have read and all the pictures I have "oohed" and "awed" over, this guide is absolutely the perfect companion for all VAddicts!

I really loved this product. It contained a lot of really cool behind the scenes features and showed some really sweet moments off set! I definitely would suggest this product, especially if you love the

VA movie and books as much as do! [ Which is a lot! ] This item is DEFINITELY not a waste of money!

Book exactly as described, no marks, tears or rips. No damage in transit. This item is exactly what I wanted and I would recommend it to anyone studying or interested in film or acting. It describes the work that goes into filming, organise sets, scenes and how the actors integrated their skills.

Always love buying these companions to movies, it gives a behind the scenes look of how the actors and crew put movies together and interviews them on their views of their character, stunts, directing and script adaptation from book to movie

Like the movie and this was a fun read

A lot of fun for those interested in the film -- great pix!
