Customer Reviews

We lived by this book and Duolingo alone. It was incredibly helpful for planning and enjoying our 5 days in St. Petersburg. We saw Swan Lake, we ate wonderful food, we learned about the history, we witnessed amazing art, we went to Dostoyevsky's neighborhood, and we gazed on the waters that make the city flow with generous people, strength and courage through time. This book is essential for your trip! GO! It's wonderful!

Excellent , like all Lonely Planets.

Very handy for my trip to Russia.

worked well.

very good

Excellent

Excellent!

This was a great guidebook to bring on my recent trip to St. Petersburg for suggestions for activities/sights, food, shopping, and getting around. I read the Eyewitness and the Rick Steves' guides before I left too, and LP was by far the most comprehensive and practical. I found my own hotel online, but the book(s) was really useful for dining and for planning my time. Unless you're hiring a guide or audio guides to explain the museums and sights, I suggest also purchasing the Rick Steves' snapshot guide that covers St. Petersburg. He does an unmatched job of explaining what you see in an engaging way. If you're only visiting the one city, consider doing the digital download, so that you're not carrying around a second book the whole time just for like 90 pages or so of content. St. Petersburg is a fantastic city, and I loved my 3-day fall visit there! Top things were Hermitage, Russian Museum, Church on Spilled Blood, ballet at old Mariinsky. No time for the

palaces outside the city, but they're also not as worth doing outside the warmer months.
