## Synopsis

If you want to discover the intrinsic nature of your personality (including strengths and weaknesses) by analyzing the numerology of your birth name, or test your romantic compatibility with your partner, then this book is for you! Today only, get this incredibly useful guide for only \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. In Western culture, Pythagoras (a Greek mathematician who lived from 569 BC to 470 BC) is considered to be the father of numerology. However, numerology actually pre-dated him and was not limited to the Greeks. People throughout all ages and in all parts of the world somehow understood that numbers are not just about counting or measuring. They sensed (as we still do today) that numbers have an inherent power in their patterns. Numerology is not magic. It won't give us the power to turn our enemies into frogs, convert base metals into gold, or fly through the air. However, it is a powerful tool that can help us gain a deeper understanding of ourselves and of the world around us. It is study of pattern and order, allowing us to see things with deeper insight. The more we become aware of the forces which influence our lives, the better we can navigate our way through the changing world around us. There are many different schools of numerological thought out there, but this ebook will focus on what's known as the Pythagorean system. Keep reading to discover how to unlock the potential power of your name, and the pitfalls you need to avoid any misinterpretation. Also, this ebook will help you measure your compatibility with that special someone, and explain how to avoid or fix any problems that may arise between you based on your differences. Let's get started! Here Is A Preview Of What You'll Learn... What's In a Name? Reducing Your Name to a Number So What Does Your Name Mean? Computing Your Destiny Number What Your Destiny Number Means What the Combinations Mean Determining Your Compatibility with Your Partner Much, much more! Download your copy today!

## Customer Reviews

Fun stuff ! This is good to break out at parties. Guests will love it!

I have been fascinated by numerology for a long time. Because in my life experience I find that learning or realizing patterns is the key to real world knowledge about various things. This book further and thoroughly explains my thoughts on numbers and patterns and their significance on our lives and life choices. A must read for anyone who is interested in esoteric knowledge about the real world we live in.

Name Numerology: Discover the Significance of Your Name, and Test Your Relationship Compatibility Through Numerology is well researched and written. This excellent publication includes chapters on: What's in a Name? - Reducing Your Name to a Number - So What Does Your Name Mean? - Computing Your Destiny - What Your Destiny Number Means - What the Combinations Mean. Highly recommended. A must buy.

I was expecting the book to be longer. It was interesting though I am nothing like my number. Overall interesting.
