Customer Reviews

Huge book with lots of coloring pictures. Was nervous about buying but it was a great book with quality pictures and alot of different characters. My 6 yr old son loves this book!

It is a coloring book, but that is the only expectation it met. The printing is horrible - very fuzzy and pixilated. Looks like it was clip art that someone blew up and reduced the quality of.

Love the quality of this book not photocopied when your not playing Mario Kart 8 on the Switch relax with coloring your favorite Nintendo game characters

Good quality book, but not great. Some pictures are pixelated, but not terrible. And some do seem a little warped like they were copied and pasted to fit the size of the pages. But, at the end of the day, it's a coloring book. I don't mind.
