Northwest Flatwater Paddling: A Guide To Lake Bay

Synopsis

A Guide to Lake and Bay Exploration in Washington and Oregon. This guide is the paddler's encyclopedia to Northwest paddling. It describes everything paddlers need to know about 62 lakes, rivers and bay in Washington and Oregon, including information about motor restrictions on the water, so the paddlers are aware of powerboats presence.

Customer Reviews

Deals mainly with WA and OR coastal waters...not much on inland OR and the mountain lakes

this is a very helpful book for directions to some unique places to paddle/kayak in the NW. They tell you when to go (to avoid traffic on the water) and what you can see while there...also time lines to get from point A to B, and other clues and hints for the most pleasant paddling adventure.

This is an excellent guide to paddling in the northwest. It is up to date and concise, and includes all the things you want to know when going on a paddling vacation with the family.
