# Ballparks: A Panoramic History

## Synopsis

A lavishly illustrated production including two page photo spreads of all of the major league parks. Also contains photos and information on 16 old parks, many of which no longer exist. Complete histories and fascinating anecdotes about each park are also included. A perfect gift for any baseball lover, for any season!

## Customer Reviews

I ran across this book on an office coffee table during a business trip. While waiting I flipped through it and was impressed with the information, history and photos. I have a relative who is a big fan of the sport and purchased this for a Christmas gift. The reaction was very positive. While used, the book was in good condition when I received it from the seller. I would recommend this seller and this product.

Book is great.

I purchased this book for a Christmas gift for my Uncle, who loves traveling to ballparks. It really is a beautiful book. Great pictures and very interesting facts about each ballpark. Also, the price was right.

Good book on Kindle app .

It is super. Arrived quickly. Just what I wanted.

Ordered for my grandson for Christmas. He is an avid baseball player and fan. He enjoyed receiving it.

This update is worth the price unlike the pretend updates of some of the other baseball stadium books like Josh Leventhal's Take Me Out To The Ballpark.

As an avid baseball fan, I really wanted to enjoy this book. However, I found myself unable to enjoy the multiple typos, grainy pictures and poor writing throughout. As a Detroit Tigers fan, I was completely disappointed to find only two pictures of the legendary Tiger stadium, neither of which of the actual play field. The pictures of Comerica Park were dated (pre-bullpen move). Many of the descriptions ramble and contain multiple typos. Often, pictures of stadiums are from only one point of view, far from the "panoramic history" promised on the cover. Ultimately, this book seems rushed and suffers from lazy editing.
