Bavarian Cooking is one of several cookbooks that I ordered while searching for a certain recipe.

I bought several copies of this book for relatives while I was over there. But you don't have to go all the way to Bayern! Just to the ! Among this fine book's extra features are: concise but splendid explanations of some key differences between Old Bavarians, Schwabians, and Franconians, and their cooking traditions; and a nice colorful foldout map showing their respective regions; and a Bavarian calendar; and some helpful words about beer, wine, Radlrmass, Russenmass, Schorle, Gschwemm, Leberkase, the different kinds of Wurst, and more! Now, if only had a way of shipping fresh Bavarian beer with this book!

This book not only has great recipes but also is full of the history of Bavarian cooking and culture. I would recommend this book to anyone interested in preparing dishes rich in ingredients and

Bavarian style.
