Customer Reviews

Required for a subject I truly needed help with. This subject is so hard to comprehend, but this book made it so much easier to understand.

This is the international version! It is not to be used in the US so just a heads up! If you are a US student then do not order it.

It took a long time but it was within the range

Thanks

ok

Used for Audit I at Mizzou

Terrible. The book is ok, just do not get the ebook. The book shows as a PDF on the Kindle. For those who have a Kindle know that PDFs and Kindles are not that compatible. I could not read the font on this book at all
