Gr 8 Up-Teens from New York-based Youth Communication pen autobiographical essays about their struggles with bullies, anger about bad home situations and unfair treatment, and pressure to conform or be successful. While not graphic or overly profane, their well-written stories are often harrowing to read, with frank accounts of abuse, neglect, sexuality, and crushing loneliness. *Vicious* is the darkest of the three, focusing on the destructive results of cruelty. In contrast, what is most striking about *Rage* and *Pressure* is the teens' resilience as they seek aid, learn coping strategies, or find outlets for self-expression. Introductions and concluding sections provide general information and resources. Teens will identify with the writers, discover that their own problems are not unique, and be encouraged to find help, making these titles, particularly *Rage* and *Pressure*, solid choices. This book needs to be in every middle and high school library. I bought one copy of this book and one copy of "Rage" for my 8th grade classroom library. Before either book talk was over, my students were already asking to read it. Academically smart students, sports inclined students, students who haven't read anything else all year, this was the book that everyone was reading. The best money I spent all year. Looking forward to additional books in the series!
