# Sleepaway Girls

## Synopsis

When Sam's best friend gets her first boyfriend, she's not ready to spend the summer listening to the two of them call each other "pookie." Sick of being a third wheel, Sam applies to be a counselor-in-training at Whispering Pines camp in the New York Catskills. But what she doesn't realize is that it's not going to be all Kumbaya sing-alongs and gooey s'mores. If Ashley, the alpha queen of Whispering Pines, doesn't ruin Sam's summer, then her raging crush on the surfer-blond and flirtatious Hunter just might. At least she has playful Cole, who's always teasing her, but is oh-so-comfortable to hang out with, and the singular gang of girls that become fast friends with Sam—they call themselves the Sleepaway Girls.

## Customer Reviews

Guys, this book is AMAZING!!!!!! mean, it has a lot of love triangle and crushes, but I like that sort of thing, so you know. And it is super funny! Also very realistic, and very entertaining. Hope this helps you, but really, it's a great book.

I have always enjoyed Jen's usual books, but when this one came out, I was skeptical. There was no promise of paparazzi, glam clothes, or celebrity elbow rubs. But in spite of all this, I loved this book! The heroine in the story had realistic downfalls and talents, and the supporting characters were very believable. I had an idea of the ending, but it definitely had a nice twist. The camp kind of reminded me of the first half of "Parent Trap" with the adorable pranks and camp spirit. I don't want to ruin the ending of this cute book, but the ending ties together loose strings, but also teases you with the idea of next summer! Rock on Sleepaway Girls, rock on!

This book is so good that I stay up late on school nights and read it and I am so tired in the morning that I just cry because I fall asleep with my kindle in my hand. My dad always tries to tell me to go to sleep but I could not put this book down! I am a girl scout so this relates so much! I loved this book and anyone who goes to any camp should read this. It makes you want summer and to go to camp and be with all of your friends.

This makes me want to go back to camp. It's a real life lesson in this story, I myself am not a people pleaser, I'm more of a "distresser" (yes that's not a word). The girls all had problems (Mostly boy) that they overcame. They dealt with a mean girl and her BFF and end up getting a good friend. And most of all.....\*Spoiler Alert\*Sam got her first boyfriend!!!! Yay!

Sleepaway girls is such a great book! It immediately interested me because I have other books by Jen Calonita and enjoyed them. The cover is so cute, but the inside is even better! Filled with stylish clothes, beautiful mean girls, and hot crushes that will interest you so much you won't want to put this ultimate summer book down!

This book made me miss summer! The characters were creative, quirky, and original. The plot was a little predictable but interesting nonetheless. Super fun and easy read that's flirty, fun, and perfect for summer.

This is a great book for girls that don't have much boy experience. It was fun to read and I loved almost every minute of it. That is only because of the Hunter "thing" and some of the language ( sexy, hell). So you might only want to read it if you are allowed to read that stuff.

This book definitely deserves five stars. I couldn't imagine a better read for summer time. Definitely

good for junior high and high school kids.
