This book is really a "coffee table" book. It is just beautiful. Thank you for the speedy service

I was looking for a gift for a fellow cat shelter volunteer and for a neighbor with whom I trade pet-sitting duties (in other words: major cat lovers). I despise cornball, overly sappy kitty photos of any kind. I am also a photography buff (former professional shooter). I love this book. Yeah, the cats

ARE really beautiful and interesting, but the photography is what grabbed me. The use of a limited palette in each setup really works. I ended up buying 7 copies of this book - I'll be keeping one. I gave one away today as an early xmas gift and the recipient was knocked out, she loved it. I wonder if it had a better title - without the words "cutest" or "pajamas" - if it would attract more people like me who want something a little more sophisticated than what you find in a typical cat calendar. Another reviewer compared this book to Anne Geddes books, which didn't make much sense to me, as they are different in every way. Aesthetically speaking - this book has better photography.

This wonderful book arrived in good shape, exactly as promised. The photos of 101 cats are fabulous---a terrific photographer. It was so entertaining, I couldn't put it down till I had gone all through it. So I have ordered another to give as a gift.

Great gift for cat lovers!

CUTE Book....

You will just love these photos by Rachel Hale of many types of cats. She manages to capture their inscrutable demeanor while posing them in imaginative ways. A must have.
