# The African-American Heritage Word Search Puzzle Book

## Synopsis

There's just too much black history to think you could ever know enough. Did you ever think that African-American history began in America? Ever wonder about the thousands of years when African Kings and Queens ruled vast empires and kingdoms with wealth beyond measure? Ever wonder why the enslavement of African people was so successful? Never be too sure you know the answer to that question. Sure, you've heard of the Underground Railroad, but what about the Middle Passage? How much do you know about HBCUs, the Divine Nine, or the Harlem Renaissance? Did you ever think about just how many black actors, athletes, comedians, composers, dancers, and writers there are? Did you know that there were organizations specifically for black cardiologists, dentists, film makers, lawyers, journalists, physicists, pilots, publishers, psychiatrists, stock brokers, and many other professions? After reading the 6 essays and completing the 25 puzzles in this book, you will find yourself wanting to know more and creating your own topics and categories. Why? Because There's just too much black history to think you could ever know enough.

text is too small to be useful. It's gathering dust on a shelf. I am not commenting on its actual content, just the layout
