Rick Steves Snapshot Hill Towns Of Central Italy: Including Siena & Assisi

Synopsis

You can count on Rick Steves to tell you what you really need to know when traveling in the hill towns of central Italy. In this compact guide, Rick Steves covers the essentials of the hill towns, including San Gimignano, Volterra, Montepulciano, and Cortona. Explore the Galgano Monastery, Volterra's Etruscan Gate, Orvieto's Duomo, or relax while wine tasting in Montalcino. You'll get Rick's firsthand advice on the best sights, eating, sleeping, and nightlife, and the maps and self-guided tours will ensure you make the most of your experience. More than just reviews and directions, a Rick Steves Snapshot guide is a tour guide in your pocket. Rick Steves Snapshot guides consist of excerpted chapters from Rick Steves European country guidebooks. Snapshot guides are a great choice for travelers visiting a specific city or region, rather than multiple European destinations. These slim guides offer all of Rick's up-to-date advice on what sights are worth your time and money. They include good-value hotel and restaurant recommendations, with no introductory information (such as overall trip planning, when to go, and travel practicalities).

this is the perfect "carry in your pocket" tour guide of some of the most fascinating parts of Tuscany. Forget Florence and Siena (not that there is anything wrong with the big cities). Explore Todi and Volterra. This is where you will find Italians, not tourist.

this book had great info about Siena and San Gimignano which is what I was looking for and did not find anywhere else

This concise book was very practical. Told you what you should do but what you should avoid too. Restaurant recommendations were accurate. Valuable information on how to drive to and park in or near a town.

Interesting, helpful content. Useful tables of driving distances, maps.

Rick does it again. Everything we need to know for our trip to Umbria

This is a very helpful book. My only concern is that it's not in color. Italy (and all its magnificent beauty) should be shown in color.
