European Backyard Birds: A Folding Pocket Guide To Familiar Species (A Pocket Naturalist Guide)

Synopsis

The vastly diverse and complex ecosystems in Europe are the permanent or temporary home of over 870 species. This beautifully illustrated guide highlights over 130 familiar, widespread species and includes information on attracting, feeding and creating safe habitats for birds to avoid predation and nest. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information for novices and experts alike. Made in the USA.

"Pocket Naturalist Guides are to nature-loving backpackers what CliffsNotes are to teens trying to navigate Shakespeare: essential." â Backpacker Magazine

Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on

evolution.

We used it on our tour of Italy

Easy to take with you in the field, laminated, and just what I was looking for!

Ok.

I love it. I got one for myself and one for other birding friends. It's a great quick resource. Thanks!

This guide was a tri-fold made of very heavy, laminated paper. It was bright and very clear. Perfect for my purposes as it fit easily in my jeans pocket. Only wish it had listed a few more birds.

This is a handy guide. I can't wait to start using it in April.

Nice quick reference guide. Not very many different birds from the USA. May decide to buy a book too.

As advertised
