El Cellar De Can Roca

Synopsis

El Celler de Can Roca is the three Michelin starred Catalan restaurant in Spain which was opened in 1986 by the Roca brothers, Joan, Josep and Jordi. In 2015, it was once again named the best restaurant in the world by the Restaurant magazine. The Times restaurant critic A.A. Gill compared the restaurant to former restaurant El Bulli, which was once ranked as the number one restaurant in the world, saying that it was an "outstanding kitchen, and part of the great confident wave of new Spanish food that is complex, technically exhausting, aware of the landscape, history and politics. The first edition of El Celler de Can Roca The Book was published in Spanish in a giant format weighing an incredible 5 kilos and retailing at 90 euros. Fully illustrated in color throughout it gathers the thoughts of writer Josep Maria Fonalleras in "A day at El Celler". Customer Reviews

"In this redux English version, El Celler De Can Roca tells the story of the three Michelin-starred

Catalan restaurant. Starting with the history and philosophy that fueled the Roca brothersâ€™ passion and followed by recipes and techniques imparted by them, this book gives a good glimpse into one of the worldâ€™s best restaurants." (Epicure News)"It is extremely difficult to put into words the importance and magnificence of this cookbook... El Celler is inspiring. Itâ€™s challenging, to be sure, but never intimidating. It makes you want to reserve a weekend day, and night, to enjoy the pleasures of food from the best restaurant in the world. This is a perfect cookbook, one that you will happily use for decades." (Cooking by the Book)

This book is great even if you're not a professional chef. If you just want to be inspired by food.

Small type and overly busy makes the book difficult to read. It doesn't do justice to the restaurant it comes from.

La comida esta buena

It's adorable book Thanks to for delivered!!! Next time I order new star. Thanks a lot

Great book!

Hard to read

5 star recipes, however, the pages are a little short. By short I mean the actual book is smallish in stature which is annoying when turning pages and reading. If it wasn't for that design issue then this would be a 5 star rating. For the recipes; beautiful, inspiring and very, very difficult. Just how it should be.
