Warped And Witty Cross-Stitch: 30 Feisty Postcards For The Honest Crafter

Synopsis

From the creator of "Needles and Pins" Etsy shop comes a new collection of hilariously inappropriate cross-stitch. These offensively pretty stitches are perfect postcards for framing or sending to your friends, family, or mortal enemies. Embrace your inner vintage homemaker while still staying fierce as heck with Warped & Witty Cross Stitch. A postcard version of Katie's humor title, Bless This Mother-effing Home! The combination of adorable and appalling is irresistible in this latest collection of cross-stitch postcards that you will be itching to send. Each page evokes laughter and irony, and the oversized postcard format gives you the option to hang up or share favorite designs, spreading the cross-stitched love.

I freaking love this! The print is better than I thought and can be followed and changed as necessary.

Cant wait to send these to friends, family and fellow cross stitchers. So much fun!

A wonderfully unique book of clever cross-stitch themed pull-out (mailable) postcards! Great to give as a gift or to mail postcards individually! Love it!

I'm officially a cool kid now. Can't wait to frame and display these awesome postcards!! All my friends are getting these for gifts!!

A must have for all those friends that just need a little something different. Get one for all your friends.

Awesome book

These are the best postcards. I had a hard time parting with a few as I just wanted to hang them all around my house, but I've already mailed out a bunch and can't wait for my friends to receive them. So funny and fun!

I thought I would or could cross stitch the cards but not at all. Not what I thought it was going to be. Live and learn.
