interesting

Describes some very gruesome bear attacks and very informative of warning signs to look out for. A must for people that like the outdoors.

Wow--read this book upon arrival to Alaska for the 1st time--incredible. My respect for Mother Nature went up 100%! Great read

This is the second Larry Kanuit book I have purchased and it was very good. It is not always fun reading, but it is always interesting. I highly recommend this book to anyone who likes the outdoors.

This is an eye opener for people who go backpacking in bear country. Pepper spray works great most of the time, but works better if there is a gun behind it for backup...

The book wasn't as well written. as some of the other books I've ordered.

Bought this book for my son in Alaska who is a bear hunter. wanted him to see the dangers of hunting bears.
