Customer Reviews

This has been an excellent addition to my coloring book collection! I have several of Edwina's books and I love her cute kawaii style! When I saw this book in the makings from Facebook groups I knew I had to have it and I am not disappointed! Cutesy unicorns and other things paired with bad words! It's amazing! Also it had the regular white pages and also the same images in the black backgrounds!! I like when artists put them all in one book like that! Gives it more variety! If you're easily offended or don't like swearing then this is not the book for you, too many people don't read descriptions then make a big deal about the words in these kinds of coloring books! It's an adult swear word coloring book! If you're into that sort of thing then I think you need this book!

This is the first coloring book I've bought in quite awhile. I followed Edwina as she put it together on Facebook. I knew before it was even published that I had to add it to my collection. I have a few of her books so I knew what to expect quality wise. She did not disappoint. The pages are good quality

and offer both black and white backgrounds. The images are well positioned so they do not pour over into the fold of the book. Great work, Edwina! I love my cute, cuddly, cursing unicorns!!

This book is adorable, I am not really a fan of swear coloring books but I love the unicorn pictures they are really cute so I wanted to get this book.

This coloring book is so darn cute! The pages are cute, but with the swear words tucked into the pages it makes it hilarious! This will be a welcome way to de-stress after a hectic day. I showed it to some friends who agree that it's awesome. I may need to buy more to give as gifts.

This is my favorite coloring book. Her work is amazing and really a fun way to release after a long day. I highly recommend it.

I really enjoyed this book I don't normally purchase books like this because of nonsense random items to fill the paper but this one I really enjoyed it is cute it doesn't have nonsense to fill the page

Unicorns swear too. Yes they do! On every page of this book - lol. I like swear books and if you do too - this is a must have. Cute unicorns with potty mouths, need I say more? The images are printed twice - once on white paper and again on black background, so you can use pencils, markers, paints - anything goes.

Bought this book last week for my sister in law who has an obsession with unicorns lol! I love it!! The images are great and the first half of the book is printed on white pages like a reg coloring book but the second half are printed on a black background which looks awesome! I haven't had much time to color lately but I'm thinking about buying another for myself just because I love it so much!! It was delivered very fast too!
