Content of book is fine. Description is not. I purchased the "Ring Bound" version of this book. The book was not "ring bound." In fact, it wasn't bound at all. It is a almost 1000 loose leaf pages with 3 holes punched.

This book is easy to understand and explained concepts in a way that I could understand to do well in the class.

Good... Book was on time.

Book not at all as described. It was advertised as being in "very good condition with some highlighting, but other than that its perfect." However, it is only in acceptable condition. Back cover is all scraped to the point that some of the paper/paint on the cover is gone. The bottom right corner is smashed in pretty good from being dropped, and the pages all have yellow discoloration on the edges. Blatant misrepresentation. But I can't return it because I don't have enough time before classes start.
