Contemporary Practical/Vocational Nursing (Lippincott's Practical Nursing)

Synopsis

This text offers LPN/LVN students a basic introduction to the nursing profession, with an emphasis on lifelong learning and career planning. The author's strong belief in the importance of a career in nursing and the value of service to others is woven throughout this easy-to-understand text. The seventh edition of Contemporary Practical/Vocational Nursing incorporates a persistent emphasis on life-long learning and career planning. Practical/vocational nursing students must prepare themselves to work and live in a world where computers and technology pervade our lives and influence how we live and work. In this new world, the work of the practical nurse will continue to be one of direct service to others. Personal characteristics and qualities are as important as medical knowledge and nursing skills. The personal characteristics and qualities of nurses that contribute to quality nursing care are covered throughout the book.

Customer Reviews

This book is required as the first book for my LPN course I am currently taking. We just started this week, and I already know so much more after going over the first few chapters. This is a great foundation for the nursing profession, and I highly recommend!

Just what I needed for school.

It is a easy read. Each chapter begins with a case or story that prepare you for the content of that

chapter. this book encourage you to read on ,and on.

Love

Was in great shape

Love it

I am very pleased with this book. It is very helpful in my nursing class. The professor incorporates it with our daily lesson plans. It is easy reading and not difficult.

Awesome book!!!!
