The Eye Book

Synopsis

Our eyes see flies. Our eyes see ants. Sometimes they see pink underpants. Oh, say can you see?
Dr. Seuss's hilarious ode to eyes gives little ones a whole new appreciation for all the wonderful things to be seen!

Books > Early Learning > Beginner Readers

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

"My eyes see. His eyes see. I see him. And he sees me." With text as simple as simple can be, Theo. LeSieg (a.k.a. Theodore Geisel, a.k.a. Dr. Seuss) uses humor and rhythm to encourage the very youngest children to discover the joy of reading. A big-eyed boy and a pink-eyed rabbit cavort through the book, seeing everything there is to see: a girl, a horse, an old tin can, the sun, the moon--even pink underpants (which makes them both blush). Rhyming objects give the brief "story" a lilting, happy cadence, and Joe Mathieu's cartoonish colorful pictures provide easy clues to the text. This is a friendly introduction to the wide, wondrous world of seeing and reading. An offspring of the world-famous Beginner Books, Bright and Early Books for Beginning Beginners are designed for an even younger age group. Even preschoolers will be inspired to learn to read with these witty, appealing picture books. (Ages 2 to 5) --Emilie Coulter

"Our eyes see flies. Our eyes see ants. Sometimes they see pink underpants. Oh, say can you see?
Dr. Seuss's hilarious ode to eyes gives little ones a whole new appreciation for all the wonderful things to be seen!

This series of books is one of our LO's favorite. He'll cycle through handing me the Eye Book, Nose Book and the Ear Book and stay engaged through the whole thing. Fun book to read with your LO. I plan to add the Foot Book soon as well as others.

Great little book! Perfect for bedtime reading and compact enough to travel with. We've been reading this book to our daughter since she was under 1. She's almost 2.5 now and still loves it.

Item ordered for a great grandchild; mother and child loved the book.

Cute book to add to my Seuss collection.

Doesn't have all the same pages as the paper version so my daughter didn't like it as much.

So cute. Giving to my daughters optometrist as a gift.

This is one of Dr. Seuss's best for very young children. It is fun to read, and will surely make you giggle, especially when you see the pink underpants! The pictures are cute and we always pause to talk about them. There are few words and soon your toddler will have them memorized, and be reading along with you. The kids and I highly recommend this book. We also recommend "Jamberry" by Bruce Degen and "There's a Wocket in my Pocket" by Dr. Seuss.

Great Book.
