Secrets Of Shakespeare's Grave: The Shakespeare Mysteries, Book 1

Synopsis

Twelve-year-old Colophon Letterford has a serious mystery on her hands. Will she discover the link between her family's literary legacy and Shakespeare's tomb before it's too late? Antique paintings, secret passages, locked mausoleums, a four-hundred-year-old treasure, and a cast of quirky (and some ignoble) characters all add up to a fun original adventure. Readers will revel in a whirlwind journey through literary time and space in real-world locales from Mont St. Michel to Stratford-Upon-Avon to Central Park!

Customer Reviews

It is sooo nice to have a new series with cultured elements: vocabulary, history, geography, literature. All in a page-turner, "I-want-know-what-is-going-to-happen-next" type of story, and with hilarious scenes to boot! And besides, brother and sister decide to work together and forget their silliness pretty soon into the book. I chose to skip some of the unpleasantness between brother and sister in the beginning, just because it was unnecessary and unpleasant. I could do it easily while

reading it aloud to my middle schooler. This negative point is not enough, however, to take a star off my review.

My 8-year old daughter loved this book. We often read it aloud to her, but she kept opening it up on her own to continue the fun - and stayed up late one night to finish it. :) Pretty advanced vocabulary, so lots of opportunities to talk about what words and phrases mean. Highly recommended. We just got the second book in the series.

It was just great! Impossible to not read extremely awesome . I don't know what else to say Awesome!

The Secrets of Shakespeare's Grave is one of those rare books that may target a young adult audience but because of the quality of writing and story telling will grab and hold the attention of not-so-young adults (like me) as well. Mr. Hicks' blend of history, literature and great characters make this book a joy to read. I can only hope future books are in the pipeline.

I absolutely loved this book. The mystery was terrific, and the cliff hanger was amazing. I can't wait for the next book.

I give the book high marks. Although I enjoy reading, it is rare that I finish an entire book because they usually fail to maintain my interest to the end. However, this one captivated me. Quite frankly, I am ready to read the rest of the series now!

this series is great my granddaughter loved it - reading teachers approved

This was a wonderful read. Another one of those books that was aimed at young adults but so well written, anyone will enjoy reading it. This is the first of what appears will be a three part series and I will want to read the next two as well.
