Customer Reviews

I got this for Christmas from my parents and I loved it so much, I bought two for some friends. The pictures are all mandalas of some sort, which I love. Some of them are a bit small, so I use gel pens, but then some are more spread out. My only complaint would be that some of the pictures aren't centered (when I think they should be). I mean, some are supposed to be of center, but the ones that look like they are supposed to be centered aren't.

Pretty nice small calendar, with one page a day to color. I got lazy and ended up being behind, but it is nice to have 365 pages to color. Pages are detachable, so you can paint each day and then remove from the calendar. The size is small, but for me it is a great size to keep on the desk.

Great gift for your coloring friends. This has daily pages with the dates and black and white lined designs to add your own color. I'm gifting it to a friend for Valentines day and I'm sure she will enjoy the sentiment on the cover and the opportunity to color her life.

Cute daily coloring great little calendar comes with its own little stand! Gel pens work well for coloring it!

A great idea and very therapeutic! Everyone should color!
