Customer Reviews

Krisa Bouquet is the author of the Zendoodle Coloring: Magical Fairies: Enchanted Pixies to Color and Display.

Been a huge fan of Deborah Muller's art for a while. This book is a dream come true! Enjoying this style a bit more as there are not so many small areas to color. Great variety of pages..some close up..some more detailed...some verical..some horizontal..every page is lovely. Paper is great and its wonderful images are only single paged and perforated. The book lays well while coloring. Great value for the price. Also arrived sooner than expected. Looking forward to purchasing the most recent Guardian Angels and Dragons and Fairies coloring books just released along with her upcoming books of Owls in March.

Beautiful pictures. Love that the paper is good quality and I can easily tear the pages out. Markers are great for these!

this was for my neighbor next door who is way into coloring and she and I both LOVE it! She is just having a ball coloring all the different things.

This was a very bad drawn book looks like it was very quickly drawn out, i wouldnt buy again!

Once again Deborah has knocked it out of the ballpark with her books. Love the fairies in this book.

Awesome service and product

This is coloring book, that contains over 60 illustrations to color. If you like magic world of fairies, and you like coloring, I am sure you will find this coloring book delightful. Pictures are very cute and unique. They are not very detailed, which it makes great coloring books for kids as well. I personally like more challenging pages, but I love the artwork in this book. Fairies are surrounded by animals, flowers, or flying around cute houses. Some pages are close ups, some full scenes with fairies. Every page is fun to color. And what a great way to relax! The pages are ready to tear-out, so they can be framed and hanged on the wall. The Illustrator Deborah Muller published many coloring books in Zenndoodle series. Her style is distinctive and particular. I am looking forward to get her other coloring books. I received this book from St. Martin's Griffin in exchange for a review.

If you like quirky, fairies, you'll love this book. Check out the Chubby Mermaid on Etsy for Deborah's own store. I found this in a book shop and recognized her art right away. Better than average paper. I'm thrilled to have it!
