Intuition

Synopsis

In the sequel to *Insight*, Delaney and Raelin Delacroix have their past to come back to haunt them, but it's not in the way that they expect. Who has it out for the newly married couple? Is it family members who feel that they deserve some of the good fortune or someone that they missed during the wrap up of the human trafficking case? Will the Montrose Ley Lines give them enough warning so that they can protect themselves and their friends or will they be silent, leaving the Delacroixs to figure things out on their own. Who has it out for them? Is it someone that they missed during the wrap up of the human trafficking case or is it something more sinister?

Customer Reviews

I love when a sequel turns out just as good as the first, if not better. Raelin and Delaney are wonderful characters, they're loving, fun, smart strong women and their families and friends are just the right mix for the pair. I've enjoyed getting to know all of the characters and am ready for more. It will be interesting to see how Del will get on with her new abilities and to read more on Ariel and

Kite.

A solid 2nd book. I love the interactions between Del and Rae. Comparing this book to the first, this is more of the interaction between these 2 characters. I would have liked to also get more from Jenny and Kasey, but again this seemed to be more geared towards the building of the 2 main characters. We learned more of Delaney's past, the different sides of Rae, and we even had a small glimpse in the beginning of Kasey's life before Jenny. I thoroughly enjoyed this book and am looking for the next out of these characters. Hoping for a Kasey, Jenny book and maybe the relationship with Kasey and her little sister. Love Jenni Slaughter's writing, the only thing that irked me a little was there seemed to be more errors in this book. I was able to continue reading, I can normally look over a typo here or there...this has more than I expected.

I completely fell for this book (and the 1st in the series, Insight). The characters are fun and funny. There is romance, magic and action. I will admit that the sex scenes did get a bit redundant. But I got caught up anyway. If you haven't found these books, do yourself a favor. Well worth the price. At 400+ pages you get a chance to really dig in. Unlike most lesfic, it's not over before it started. I wouldn't mind visiting the folks for Leroy again. hint...hint...Ms. Slaughter

I loved Insight, and was a bit surprised to find the sequel even better. The main characters are so lovable and easy to relate to, the magical aspects and the mystery kept me captivated right through to the end. Now I'll have to reread both Insight and Intuition just to remind myself how it all actually happened, and while I'm doing that I have to say I really wouldn't mind yet another sequel. These books would also have the makings of a real good movie!

This series continues to be excellent. I couldn't wait to turn the next page to see what would happen. The love scenes were wonderful and the relationships have developed into wonderful, loving, partnerships and friendships. I can't wait to read the next book.

I hope Jenni continue to write about Raelin and Del the chemistry between these two is awesome . And the 4 year old Ariel is a delight I hope there is more kids if there is a future story. Very good second book in this series .

I would recommend this book. I really enjoyed reading this book. The characters were well rounded

and the little one is just adorable. I had a good time reading this book.

I have read both books and hope there will be more about the witch, Del and friends. I love the way the author works everyone in to the story.
