Customer Reviews

I ordered two quarter books for my grandchildren for Christmas. One came with a price sticker stuff to the front. It looked like someone had tried to peel it off and couldn't so they sent it anyway. It took me an hour to scrape it off and left marks on the cover of the book. No time to return it. Very disappointed.

I like this product; but sometimes, the defect rate is too high, mainly with the hinges.

My little girl loved it. Best 10 bucks I've spent to make a child smile. Well made and well worth the money. Delivered within a week to Okinawa, Japan. Thanks .

An elegant design, the album is an ideal gift choice. But, the manufacturing procedures could have improved.

Packaged well and shrink wrapped. Brand new and very nice as expected. The standard for coin collecting.
